ROBBIE WILLIAMS  
BY CHARMINE**

## Introduction

You work out the Guardian Angels, God and all those Psychics  
for your self?

How I tried to pull off a Steam Engine for Cars, and  
gain a music contract.

My spiritual courtship that has lasted so far 25 years, with  
and Entertainer.

I lived in a Haunted House with Demons and Evil Spirits  
attacking me during the day with Negative thoughts,  
and one after the other at night with energies at my body  
and fear. God came on board about 2010 and told me every thing  
that was going on, behind my back?,  
and why my life had turned out the way it had ?

You can read my Story and make up your mind your self  
about Spirituality.

Remember when I said I see Michael holding on to two trees with the wind blowing and him stamping his feet saying " What about our Smokes" I would like to write a song like that and sing it in Michael Jackson Style, as a tribute to him too, as I stand by him since he is innocent. And of course we will eventually win and get our smokes back and I would like to shove it up them.

YOU raped me on The Spiritual Plane last week!  
And last year we were getting cosy and my Son Robert, the eldest one  
walked in and cornered you with a base ball bat, I think he wanted to  
"Bag" you for Mum  
You also have been observing me for years and looking at my work  
I was told for many years I will have two men to choose from. ??  
I don't know where I stand with this Musician I have been courting  
spiritually for 20 years. I have looked at no other man or dated.  
It's what has made me what I am today, or I would have been in and  
out of Hospital all my life or dead.  
I don't want to know the truth if he is waiting for me or not, I could not

cope having no one to think of and keep me going. He was everything I wanted head to toe. That's why I have waited for 20 years. But I am yet to find out the truth

Did not find out the Truth about my Teacher until 25 years later who cast spells left right and centre to stop me and The Inventor 25 years who just used me had no intentions of pulling off that car what so ever Any way brighter days, I will see what happens.

By the way you and Elle Macpherson are always on the Spiritual plane with me I've only seen this guy I have been courting once or twice on the spiritual Plane with me in 20 years. Leave me confused. Kyle once gave me a Reading on the spiritual plane. 20 years ago. Talking about some one who is going to waste their life by having a baby. and the man don't care. Elle and I have some kind of love interest.

My music I don't know where it is taking me yet, who is singing what. They will let me know in time.

We'll see ya some time Robbie.

August 27<sup>th</sup> 2012

I've now written the World's Greatest book that has ever been written and The Story. Do you want to help me get it published?

August 27<sup>th</sup> 2012

I suppose The World's Greatest Teacher. And writing the greatest book that has ever been written was not good enough for her. From what I can gather, she was so jealous of me. I did not even learn from her. I was sifted down the info later on.

August 27<sup>th</sup> 2012

I believe for over 20 years, she sent the dark side around me day and night. I could not have any one stay over because of this. suffered a lot of depression because of the Negativity, and if I did find someone he would of been the worst I could take on Also I was supposed to be with my man and married with a child 10 years ago That has all been taken from me. Plus a music contract etc. Instead I was placed in a mental Hospital. And have spent 10 years in bed suicidal, and sick.

August 27<sup>th</sup> 2012

I also think the Inventor had the same "Seed" put in his head too I think he has recently just died but I pick it up strongly around him when he visits. The poor bloke had nobody to help him and this is one of the reasons why he totally let himself go e.g. never have a bath and wear and sleep in the same clothes every day. He is now keen to get my boys to finish The Invention and he will help.

August 27<sup>th</sup> 2012

Prediction: The Bloody Hypocrites are giving us our smokes back  
For the price of a sandwich we can buy them for Sep to March next year

Too many High suicides and they've paid their debt back.

September 6<sup>th</sup> 2012

Thanks for being with me all last night!

The one I have been waiting for, I've only seen him about once or twice in 21 years, on The Spirit Plane, and last time I saw him as a box of soap suds slowly sucking on his cigarette in a subdued state. Are they saying

he's a "Dopey Cunt" or are they saying he's not well? By the way you are always with me at night. Last night the whole 12 hours. Telling me my Son will find it hard me having a male Relationship. And also my boys will take pride in my home. And another one I was "The other Women," and of course us getting friendly and talking and lots of kisses. Don't know what all this means yet. ?????

December 21<sup>st</sup> 2012

My Teacher never taught me about "Spells" Until the last couple of years when God came on board, and has told me how to protect myself, and what has been done to me My Teacher also sent the worse Demons you could imagine and Negative Guides to attack me night and day. For 25 yrs. Another reason why no man would come near me. I am in the process of clearing everything up Trying to work David and my Teacher out. God is now my Main Guide. May be my Teacher was jealous of me, I'm not sure, She died a couple of years ago, I believe of Karma, and from then on God came on board and told me everything and we are in the process of sorting everything out.

December 21<sup>st</sup> 2012

Thank You Robbie, I had a really nice dream, really not what I expected, but it was really nice, Thank you nice to have male company and someone as nice as you Merry Christmas love, made my day.

December 21<sup>st</sup> 2012

I'm by far not a crazed fan, and I don't have your poster on my bedroom wall. We are spiritually connected, and I listen to what I am told. You've been observing me for years, just sitting in your chair and listening and looking at what I have to offer. You find me interesting. So doesn't worry may see you in time and I'll probably be married.

December 21<sup>st</sup> 2012

Well Robbie, what is on your mind, lately  
You use to be on the spiritual plane with me, for about 10 years or more, several times a week. Mostly just observing me, or scooting around the place Now your obsolete We may have a Music career together some time, etc that's why you are interested in me, plus other things I have to offer in business with you as well. Merry Christmas, Robbie, Hope to see you soon, I promise not to seduce you?

Hello Robbie, Merry Christmas, love, Very interesting dreams with you, and fun, I don't understand why the man I have waited for 21 years is never on the Spirit Plane with me, any way time will tell? They say I am to go out there as the "Messiah" They say Dave the one I have been waiting for his Guide is John Lennon, My Grandson who will be the next Billy Idol his Guides is "The Bee Gee's" and Jade my Granddaughter is Patrice Swayze. My Son's Robert the eldest is Einstein, the famous

Inventor, and my Other Son Mark will be the next Elvis Presley, I think he will perform and sing like him too, His Guide I think Is Elvis. Woody who I have been writing to for 12 years without him writing back, his Guide is Elvis. The letters I send to Woody are suppose to be "The New Age Bible" The Story. I hope I have not totally wasted my life. ? Any way The Story if Woody has kept it will say everything that clairvoyance is about whether Good or Bad. They say my House is The Most Haunted House in Australia, I think my Teacher sent all the Negative Guides and Demons, any way 25 yrs later God is on board and we are getting rid of them. I've had 4 nice nights without any spooks. They say they will bring me work when the energies are cleared and hopefully I can have a Relationship. I called The Housing Commission and said I wanted another House, as my House was haunted. The said that is not a good enough reason to get another house? I think I suffer chronic PMS Pre menstrual stress because of all the energies they have attacked me with over the years. I would like to talk to you on Skype or phone some time, we could talk and give each other Readings. Only cause your with me each night and somehow we have a connection whether Business or Relationship. Any way I like you. Give you another Reading some time, I may send you a Reading sometime today. see how I feel. Sorry no new news.

No mate I'm not going that far, you get the broom from the kitchen and sweep it up yourself, you made the mess, I'm not doing a bloody thing Just watch me, and she sits there all day looking at you wondering what to do with herself. The kitchen is filthy, the garbage needs taking out your rich but you would not think so, buy a tape recorder, and play it back some times, Rich kid down the street knows better, he's been listening the post boy who delivers mail He heard everything and is going to the press, It ant funny mate. That kid will make himself rich, every tabloid wants to know, dirty laundry all down the street. Buy a washing machine and clean your own clothes, no you ant going out rather moving out your need a brand new washing machine she keeping the one you got and everything else. buy a fridge too with magnets all over it "I love YOU"

Your live with mum for a while, she's buying a new stove to keep up with the norms and your paying for it, I can't have people around with a stove like that what will people think, so you will buy her one won't cost much but you must keep up with appearances. The car is

immaculate, but the tires are worn out needs a service. The back seat has room for more, but I think you are going to fix that situation real quick as soon as you walk out the door, won't be taking for a ride again. If you went along the "Tea Cup" way none of this would have happened. Buy a broom too your place ant got one. Message in the mail from a sweat heart, wants you back, she will take everything you got too. Stay celebrate for a while Give it 2 years if you are a good boy and along come s your soul mate, it is at the time "The Movie" is out about Ghost and spirits and God, "I do" all over the place for you both "YES" it is mean's to be, I don't think you will have children with her, you have both been there. When you say "I do" you know it will last you will miss her if you chase every stray animal in town, Give it 2 years you are married. To a really beautifully girl. Who's never been married before?

August 1<sup>st</sup> 2013

Hello Robbie how's it been haven't seen you for some time?

Now let's put some things in to prospective, show we.?

The Government are going to increase smokes 12% each year , for 4 years. The pack of smokes 50 grams wills probably cost \$70 or more.

Don't you think it's about time you gave The New Age Messiah her music contract and gave people back their smokes and alcohol

I had energies in my room last night, I thought it was Demons as they have similar energies, I was half out of my body and mouthing off at them trying to get rid of them but nothing was working. Then I felt a Metal hand on my leg and hand, and I heard "Robot" They said they were Programming me as the car and everything was coming, I also felt a light pain in my groin and they said "No Periods" Remember I am sick every 10 day's due to PMS and there is no way I can be reliable with my music in this case, and also my Reiki Master thinks it my silver fillings giving me the problem, which I am about to get rid of in the next few weeks when I have the monies. Well, whatever it means I may be rid of

my PMS soon and ready for my music contract I'm going to smoke my Electronic Smokes now as I can't even buy food any more don't even have monies even if I don't buy smokes I'm living on porridge. For dinner Please forgive me if I lose my mind somewhat. My Guides don't like me smoking the electronic smoke they recon because I smoke so heavily that the nicotine in the electronic smoke makes me lose it. But I've got no choice It's all I got to get through my day, no man no monies I've been sitting in my recliner day in and out for 12 years with no work just listening to the Radio in my recliner and smoking whilst writing my book That all I have to live for. No matter how much I advertise, nobody calls me and if they do their energies are shit and a lot take their reading and run nobody has any monies. I basically do not have any work and haven't for 12 or more years. Yes I'm out their advertised, but nobody calls.

August 2<sup>nd</sup> 2013

I met my children's father when I was 16 at 21 I was left in the gutter with two children. The impact of being on my own with two children the poverty and broken heart, I had a nervous breakdown, and got schizophrenia due to all the mental anguish I suffered I've been on my own ever since, I am now 48 I've had nothing to offer any one even no monies to go out for dinner with someone Never had any spare monies. My Guides came along and saved my life at 26 they said we will find you a man well I met The Entertainer; we chased each other like no body's business on the dance floor. I worked my butt off all these years to have something to offer him at least have monies so we can go out. And by the way The Government take my pension off me when my man moves in, and expects him to support me financially, No man is willing or capable to do this So I was forced to try to pull off the Invention and get a music contract. My man will not come forward until then. Well

I've waited for 25 years for my Entertainer, love struck and no other man in sight God has cornered me so I will do everything he has in mind then he will bring me love I could not of done everything I have done without this man's love. I would of been very mentally ill, in and out of hospital, and I think I would of got cancer or committed suicide. If it wasn't for God s love and the Guides, I could not of lived this life. I've been placed in my recliner, with no monies no man nothing in this world to live for but God has given me something to live for and that is to lead his people to him and make a better world for all.

August 2<sup>nd</sup> 2013

The Government wants to turn me into a "Prostitute, " and have a man pay all my bills and support me, I'm looking for Love, Thanks and no man is capable of supporting me financially let alone himself God has brought me Elvis Presley after being on my own all these years. He might be my Husband later on plenty of sage oil and me and Elvis to pass the time.

Two beautiful people walking down the aisle with smiles on their faces One smile is green the other a beautiful pink Guess who was roses, and the other green

You know now love, couldn't have started at the worst time of the year. New baby arriving and everything shit hits the fan No more children for you? You're so miserable; it shows on your face every time you go out. Buy some stockings for your legs cause you might as well be gay. Look at it this way you learnt a great deal from the Women. You will not

meet other Women like her, I promise you, you are more of a wise old owl now, and taking note what your Teachers tell you. Read the bible and you will come right. Tension in the room, and reporters, they are screaming at each other. Strip search, I would watch what you carry in customs, not thinking right mate, and look who is beside you. The Spiritual leader in tow be a good boy and put it away. Weed. Be very careful. Next time it might really hurt you. Be disgraced by all. Tuck shop lady wants action she comes by and cleans your house, would do it for free, she wears short skirts, if you look long enough you will see her knickers, wasting your time mate she's got a boy friend, but hell of a lookers She wants your money too , and to have a baby, of course she has her man on the side too. Watch out!!!!!!!!!!!!!! I think she has tattoo on side of leg  
don't put your pennies in that deposit box.

Lethal weapon show, you really like that guy or show don't you and the way he handles himself. I think you should write a book similar, acting classes coming your way, action packed and stunts, they will not take you seriously but you will have a lot of fun Be the good guy at first then the bad guy. it's coming your way.

Its very serious but very funny. you will love doing it. may be in 18 months 007?

Elle Macpherson wants a part in the series; she's going to all troubles to look the part. Tell her to rack off, she did so many spells because she could not see right. I thought she would do that. She squashed everything thought she was a religious nut making a name for herself. That's why she will not get the part. Sorry. She will contact you soon?

By the way

Your Name is worth 40 Million, I have not got a clue how much it would

cost to get the Invention up and running say 100 thousand for legal's and putting the Invention together, and the rest to push it on the market place. I just got 40 million of a Ontroperner.

Hello Robbie, Haven't been getting much sleep lately have you, darling????

Any way, I'm here and, lost 12 kilos this year and aiming for more. Also getting into a walking program.

You call me I Promise to swim 45 minutes a day and work very hard on my music

My pms has gone, it was The Demons, They are gone too, that have played me for 25 years. I have written a book to woody Dean a musician, for the past 12 years, He does not write back, but I know he runs to that computer every time I send an Email. It has the Demons in it, What Psychics I have rang have said to me, for the past twelve years, and the man I have been waiting for , for 25 years, and we have hardly ever spoken to each other, only chased each other on the Dance floor whist he was working as an Entertainer. I've cheated my legs crossed and looked an no other man. Faith! And that's what it is all about FAITH!

And I've written about all the spells that have been done to me, and what giving up my smokes for 3 days did to me, Practically Killed me and ruined my chases of a Relationship and a Music Career, which was around the corner at that time.

The Invention, Steam Engine for cars, which I believe the Government are going to take on. I backed a complete bum , for 25 years. Smelt of BO, Dirty, cheap, never spent any monies on his own invention. Spent his money on Booze, whist I paid all the bills. And savataged the Invention when it came close to pulling off.

We've been on the Stock Market, but I believe the Backers distorted it then, and they made millions in their pockets over night.

Elvis Presley is my Guide and Teacher, and so is God (Aliza)

Nostradamus is part of my Teachings

I don't know what you will say to God, when your time comes , if you don't take me on. As I am "The One " ha ha

Woody is just waiting for the next step and hopefully you can help me with the Music too.

God Bless you , Robbie,

I hope you come forward soon and help me with this Project ?

Take care

I've written a 5 page letter to The Housing commission telling them in detail what has been done to me and my house "Haunted" and my boy's who are on Medication for depression and there is no way a man can spend a night with me and been on my own for 30 years not a man in sight and no work at all no matter how much I advertise. Cause of this house ect.

May be The Housing are going to give me another house and move me too and my solar and air con for free.

And of course they are going to tell the media. May be?

And this may lead to The Government backing my Steam engine My Guides may have been leading me astray about this guy I have been waiting for 25 years because my life was totally destroyed by psychics and may be him I don't know?? Had a nice dream about you very nice to see you again see ya.

Well, it's on mate?

I'm going through Menopause

Did I tell you 4 months ago I had a Robot come to my room to heal me  
of my PMS

No more Periods, He said, Well mate, I'm going through a change of  
life, and I am sick no more

Also I contacted Housing to move me  
They called the Psychiatric Hospital. I told them I was repeatedly  
attacked every night by Demons. I told the Nurse I had tried everything  
to get rid of The Demons from my House, The Nurse said "Did you ever  
think that the spell may be on "you?"  
Well I've lifted it off. And I have had two peaceful nights, and no  
negativity during the day in the house. I think I am finally free.  
Had a dream. I won tickets to a concert and so did "Riana" We were at  
school, and I told everybody we had a Contract coming our way.  
Everybody that I told , did not pay any attention. I was sitting at the  
table at the Restaurant, and guess who was sitting by himself at one of  
the tables, but YOU!  
You smiled at me, then you look out the window, and look like "The  
Incredible Hulk" You poor thing? Any way it was nice to see you  
Are you going to give me tickets to your concert? I hope so  
By the way, this year I have lost 15 kilo's Got 10 to go  
All I did was cut sugar out of my diet and drink Diet coke and sugar free  
coffee  
should lose all of it within 3 months.

This is what God has told me  
with in a year or so ?  
My boys are coming home from the mines  
God wants me to have a Pergola out the back, and use the spare rooms  
and Reading room as bedrooms. GOD also wants me to get a spa for  
romantic nights with my boy-friend, "who ever he is?" I've spent 30  
years getting my house ready for my man I'm still waiting for Dave, but I  
don't know if he is going to turn up or not now? God wants me to get  
my house ready e.g. pergola and spa for when my boy's return to work

on the invention

By the way, my boys have no intentions of coming home, but I listen to what I am told, and work ahead of time.

My Teacher, I'm told now has no monies, no man, no life, no work, no TV, no friends, Her CD'S in the bin, and sits in her recliner all day and listens to 4 BH easy listening music. She has Demons attacking her every night and Negative Guides during the day She has no choice but to make up to God and every one, and help others and undo what she has done !

See how she feels to have nothing else to do, but listen to 4 BH day and night and nothing to live for. For the rest of her life. I don't think she even can afford fuel for her car. NO I have not done spells, don't know how to do them, I've just named everything I think she has done to me and others, , and told God to throw everything back that she has done to me and others , to be thrown back on her !!!!! ??????? She really did the "Works Burger" on me as far as I know!! ??

Taking over 25 years to work out, but I believe God and The Guides, wanted my story to be told.

See ya.
